

Control Groups and Assessment Design

(we already have delivered four test offerings)

- ▶ AY '97-8 NSF Test Class; First Qtr. = ISGE MM
- ▶ BUT WQ & SpQ not ISGE = Same Class Design & Content Using Conventional Lectures
- ▶ Same Students; Same Demographics: Same Env.
- ▶ Same Professor; Similar Depth of Coverage
- ▶ Different Pedagogy (No MM; No KM's; No Group Learning; No 25 Special T&L Features)
- ▶ Allows Comparison of ISGE with Conventionally Taught Controls (not the only way we do this)
